## 1234YF FULLY AUTOMATIC A/C MACHINES

### ROBAC1234-6

**\$5790.89**

The AC1234-6 was the first commercially available machine to fully meet the SAE's requirement for recovering, recycling and recharging vehicle A/C. The AC1234-6 is a fully automatic ACS machine that comes with an integrated refrigerant identifier that samples the refrigerant in the vehicle's A/C system prior to recovery, is a highly accurate and reliable machine, and can service both standard and hybrid vehicle A/C systems.

### ROBAC1234-4

**\$5449.98**

The AC1234-4 is a fully automatic ACS machine that meets or exceeds SAE J2927 and J2843 standards for 1234yf recovery. The machine includes an integrated refrigerant identifier that samples the refrigerant in the vehicle's A/C system prior to recovery. AC1234-4 is a highly accurate and reliable machine capable of servicing both standard and high-voltage vehicle A/C systems.
